

Amsterdam Airport Schiphol Arriving Plan

When passengers arrive with only hand luggage, they normally take the shortest way to the exit of the arrivals. Sometimes this is causing a misunderstanding between the passenger and the chauffeur. Therefore we would like to advise the passengers to look at the screens for the correct Arrival exit.

When passengers arrive with check-in luggage, they first have to collect their luggage at the luggage belts. After collecting they will leave the Luggage Hall by following the indicated signs on the screens.

Meeting point

What we would like to advise is, to let our chauffeur wait at the Meeting Point in the Central Hall with a Name Sign.

We can also let our chauffeur wait at the Arrival exit with a Name Sign.

Below you will find an overview of these Luggage Belts:

- Luggage Belt 1 – 8 is at Arrivals 1.
- Luggage Belt 9 – 15 is at Arrivals 2.
- Luggage Belt 16 – 23 is at Arrivals 3.
- Luggage Belt 24 – 32 is at Arrivals 4.
